

Nozzle Mounting Machine for Nozzles with Clip Mod. SNOZZ

Nozzle mounting machine model SNOZZ for nozzles with clip to be clipped/hooked to standard silicone cartridges.

- **Manual feeding** of the cartridges, or **in line** at the exit of an automatic filling machine, **on a down-ramp of the cartridge to the clipping station.**
- **Automatic feeding of the nozzles** from a feeder and vibrating circular orienting hopper.
- **Automatic clipping of the nozzles** on the cartridges and ejection of the cartridge with the nozzle via down-ramp, for manual boxing.
- **Production speed:** approximately **25 nozzles/cartridges per minute.**
